Dear colleagues,

We would like to announce the XV International Workshop on Sensors and Molecular Recognition that will take place at Universitat Politècnica de València from

11th to 12th July 2022

The Congress will offer an interdisciplinary space to allow scientists to discuss different aspects related to agrifood, biomedicine, electronical devices, sensing and biosensing and other topics related to the sensing and molecular recognition.

We welcome new inspirational ideas and strongly promote the participation of students and young scientists.

We invite you to visit our website and send your communications (oral or poster). Do not miss the opportunity to be part of this meeting with high interest.*

** At least one signer for each communication must be registered and no more than two communications per registration will be accepted.*

IMPORTANT DATES

- 31th May 2022: Abstracts submission deadline
- 15th June 2022: Registration deadline
